

EDM – Empresa de Desenvolvimento Mineiro, SA.

EDM is a Portuguese State owned enterprise, which operates:

- In an exclusive basis, with license granted by the Portuguese Government, developing and conducting environmental remediation of abandoned mining sites
- By itself or in Joint-Ventures, develops activities of exploration and exploitation of mineral deposits and provides specialized services in the areas of Mineral Resources and Environment

EDM seeks collaboration in:

- RD&I on the environmental remediation and closure of mining areas
- RD&I on the characterization and economic evaluation of mining tailings (Au, W, Sn, *polymetallic sulphide*)
- RD&I on new tools and methods for the exploration of mineral deposits

EDM provides testing sites and geological and environmental expertise.
