

CEN and CENELEC

- Luc Van den Berghe – CEN/CENELEC Management Centre
 - CEN - European Committee for Standardization
 - CENELEC - European Committee for Electrotechnical Standardization
 - CEN and CENELEC are 2 of the 3 recognized European bodies for standardization in support of the European legal framework, preparing *voluntary* standards
- Several calls request to include standardization in the research project proposal
- 33 national Members (DIN, BSI, AFNOR, AENOR, NEN, etc), who can participate in H2020 projects to foster link with standardization

How can link with standardization be ensured?

➤ Don't's

- Only our Members can join a consortium (see CEN-CENELEC Participation policy), as a project partner or as a subcontractor
- Project Advisory Board: never CCMC, but possible is TC chair, TC secretary or a TC expert; funding?

➤ Do's

- A work package leading to a standardization deliverable
- A project liaison with a TC
- Project Partners to join the TC's national mirror group
- Make contact with research@cencenelec.eu or a NSB/NC at earliest possible stage
